

REMARKS

Claims 1-21 and 26-32 are pending in the present application. Claims 22-25 were previously cancelled.

Claims 1-21 and 26-31 remain as previously presented, and dependent claim 32 is added to combine the subject matter of claims 7, 8, and 9. Claims 1 and 27 are independent.

The Examiner has required an election in the present application between:

Group I, claims 1-15, drawn to a die apparatus;

Group II, claims 16-21 and 26, drawn to a method of manufacturing; and

Group III, claim 27-31, drawn to a steering rack.

For the purpose of examination of the present application, Applicants elect, with traverse, Group I claims 1-15 and 32.

Traversal

The Applicants respectfully submit that a serious burden has not been placed on the Examiner to consider all of the claims in a single application. The Examiner is respectfully requested to reconsider his restriction and act on all of the claims in the present application.

The Examiner will note that claims 16-21 and 26 (Group II) depend directly or indirectly from independent claim 1 (Group I). Accordingly, when independent claim 1 is found to be allowable, it is respectfully requested that the Examiner rejoin and consider each of claims 16-21 and 26 in Group II as well.
